# DESIGN THINKING
with
AGILE PROJECT MANAGEMENT

Achieve Your Organization Strategy
Through Adaptive Method

Experience the execution of agile project through real-life case studies with PMI-ACP ® Success Guarantee

4 STEPS SUCCESS
TO PMI-ACP ®

FACE TO FACE COACHING:

3 days face to face training on Friday, Saturday and Sunday in a 5 star hotel in which you will be given a complete run down on Agile Project Management Framework. Engaging you in 2 live projects activity sessions which will enable you to understand and implement Agile concepts in your projects.

CUSTOMIZED ROADMAP:

You will be provided with a step-by-step road map for exam concepts with 2 sets of PMI-ACP ® simulation.

PMI REGISTRATION PROCESS:

Don't worry about your experience sheet or your PMI form filling process. We will help to create your experience sheet which will reflect your Domain Areas – working hour distribution, helping you to clear your approval process.

TESTING SIMULATION:

We have developed a customized questions and answers for preparing PMI-ACP ® exam and after completing your third step roadmap you will be invited to take exam in our lab, where you will experience Prometric testing environment, and importantly after successfully passing our simulation we guarantee that you will pass in PMI-ACP ® exam.

WORKSHOP
CONTENT

DAY 1

| Challenge Assumptions for Creativity	This session will cover • Test of Creativity • Challenge the Assumptions • Define the Problem	This session will help participants to challenge the assumptions for reative solutions of daily problems.
